TERMS OF SALE

All coins and bills guaranteed genuine.

New bidders or customers sending in bids for the first time must positively give first class reference, bank reference preferably, or else send a deposit of at least 25% of the total amount of bids. Otherwise, their bids will not be accepted; application of such deposit will be made upon successful bids; the seller reserves the right to demand payment upon successful bids before delivery in his sole discretion. To those known to me who have established credit, a reference or deposit is not necessary and purchases will be sent out promptly after the sale. In appreciation of this courtesy the purchaser remits promptly.

Collectors who make unlimited bids will get the lots at 5% above the highest actual bid entered.

The terms are prompt cash settlement after the sale, and no time given. Collectors who are not certain that they can pay promptly are asked not to bid. The coins in the sale are the property of my clients, and I must make prompt settlement for them.

Remit by money order, draft, check, or in any way most convenient. Stamps accepted for accounts that are below one dollar only.

Coins will be bought below your bids where other offers permit, as this is competitive bidding, executed in good faith.

The usual charge of 5% will be made for executing your bids, and for packing and sending out material. No charge made on anything not actually purchased. This fee is very low for the superior service I expect to give you.

Receipted bills are not sent out after your remittance as this is unnecessary. Your check, draft or money order itself is a receipt. However, if a 3-cent stamp is enclosed we will send receipt.

Be certain that you bid on the lot you wish to buy. We will correct errors and adjust claims, but you should not expect us to pay for your mistakes. Be careful in making your bids. Be sure that you bid on the lot you wish to buy, and at so much per piece.

Bids must reach me by the morning of the sale. Mail them in time so as to avoid disappointment. At each sale some bids arrive too late to be executed.

All bids are entered as received and lots distributed to the highest bidder without reserve. When two or more bids are the same, and there are no higher bids, the first received gets the lot. When

two or more unlimited bids on a certain lot are sent, the first one received gets the lot at a 5% advance over the highest actual bid.

Between the seller and buyer, my position in describing the condition of coins and bills has been neutral. My classifications are generally considered to be conservative, by the collecting public.

It is easy to bid by mail. If you do not know how much to bid on any items, write me giving numbers in catalog and I shall be glad to inform you as to values. It is useless and a waste of time to make low bids that have no chance of success. I sincerely hope that each collector acquires some nice lots from this sale that give him a real thrill and joy of satisfaction.

Please bid by the piece unless stated to bid for the lot. Thus, if there are 12 pieces in a lot and you wish to pay \$6 for the lot, then bid 50c. At each sale someone bids by the lot. Don't do this—bid by the piece.

Note—The most remarkable medals of the Great War of 1914-1919 are the medallic works of Karl Goetz of Munich. They are either satirical caricatures or in style of the Renaissance. All struck in bronze. Condition perfect. Those in last sale sold around \$2 to \$4 each. Every collector should try to get at least one.

END OF SALE.

NEXT SALE WILL BE IN SEPTEMBER

With this sale of a portion of the famous A. M. Smith collection, we close the present season. This will be our last sale until September. Therefore, send us a generous number of liberal bids. There is a lot of exceptional material here offered that can not always be procured. Now is your time to get fine proof coins, and proof sets. The Smith collection contains over three thousand large cents, over two thousand half-cents, over one thousand proof sets, and is a well-balanced collection, with something in every line. The collection was expressed to us in five boxes weighing nearly 500 pounds. Mr. Smith was for many years a sailor of the seas, served during the Civil War in both the army and navy for the Union, and after the war became a rare coin dealer in Philadelphia. He died a number of years ago, but his aged widow still survives, and the collection is finally being sold by us under order of the Midland National Bank and Trust Company of Minneapolis.

More of the collection will be offered in September. We will have space in each sale for our other clients as well. If you have material to sell, send it to us at any time. We have sales regularly. We get results. We render efficient and prompt service. A-1 references cheerfully furnished on request. Terms reasonable and settlements prompt.

In general, coins are advancing steadily in price and are selling much better than a year ago. We expect to see some big strides forward in coin prices within the next two years, and coin collectors will not make a mistake by investing money in good coins at this time. They will never have a better opportunity to do this.
